

## **SANJAN NAGAR PUBLIC EDUCATION TRUST HIGHER SECONDARY SCHOOL**

### **My journey at Sanjan Nagar**

My name is Alisha Khan. I am studying in grade 10. I have spent 12 golden years of my life in Sanjan Nagar. Sanjan Nagar is quite different from other schools as it focuses on the holistic development of the students. So I have been fortunate enough that I learned through activities and involvement.

Community service programs help students to demonstrate responsibility, give them work experience and also provide an opportunity to positively contribute in the community. Keeping this in mind our school provides us opportunities to participate in community service programs like “Kiran Sitara” program that not only developed different life skills but also made us agents to help community by diagnosing TB cases.

In SNPET, I enjoyed many musical events such as performances of Lal band and Reely Jiggered from Scotland. That was an awesome treat for us by our school.

Physical fitness is very important to take forward our daily activities and in Sanjan Nagar we have formal sports classes and compete at regional and provincial levels at different platforms.

We actively participate in CLF, Faiz Mela, programs by LUMS community service society like Rabtt and Bridging Barriers that enhances our soft skills and keep us socially interactive.

Every year we have a summer program that brings experts not only from school but also from other organizations. Like PITB , Karkhana , Beyond the classroom and many other volunteers.

I am happy to be at SNPET it has nourishes my roots and made me different from my other siblings. If I have not been in Sanjan Nagar I could have never realized how much I like to perform in theatre. I’m thankful to Sanjan Nagar for providing me a place to learn something new every day
