

SANJAN NAGAR PUBLIC EDUCATION TRUST HIGHER SECONDARY SCHOOL

My life at Sanjan Nagar

Sanjan Nagar- a name well known to change lives of 1000s of girls, and I am one of those girls whose life has been completely transformed since the day I stepped into this prestigious institution. I still remember the time of struggle for seeking admission in Sanjan Nagar in grade 3. Here, I witnessed the true taste of learning and the courage to ask questions; questions that build confidence in yourself and impart a sense of awareness that states your worth. As a student I was so inspired with Sanjan Nagar and its people that after completing my masters from the famous Govt. College (GC) university I started working in a college, but Sir Raza Kazim's words always echoed in my mind, "The day Sanjan Nagar students will come back to serve this institution that will be the day to celebrate its success"; and so I came back to the school with the passion to serve as a teacher in 2013. During my job at Sanjan Nagar, it has kept its ritual of learning at high level and I earned M.ed degree and a scholarship to University of Massachusetts. Now I am serving in Sanjan Nagar as section head for the high school and preparing the young generation to take forward the ideas of Raza Kazim the visionary who set up this transformative space for "enabling our future"
